On 3/20/93 at 2330 hrs. Ms. Maria Pino of 30 Kenyon St. 2nd. flr. came into the Youth Division to report her 11 yr. old daughter Marisella Pino DOB 9/29/82 as missing. Ms. Pino was accompanied by family members as she speaks Spanish and no English, who acted as interpreters for her. Her last know[n] whereabouts was with an older sister named Nancy Pino of \_\_\_ Walnut St. 1st.flr. with whom she was supposed to spend the night of 3/19/93 with but apparently did not. Ms. Pino decided to notify the Police after she did not hear from her daughter Marisella during the day on 3/20/93. Family members continued to search the immediate neighborhood and surrounding areas all day Sunday 3/21/93 and Monday 3/22/92 [sic] with no success however, they did circulate photos of her and received calls from people (names unknown). She states that they had seen her on Baldwin St. and in C Town on Cooke St. at 1800hrs. 3/22/93 Ms. Pino came to the Police Dept. and told Officer Gallo that on Friday afternoon 3/19/93 Marisella was supposedly seen talking to a Colombian male named "car to" [?] of 680 Baldwin St. This information was obtained from a young girl (name unknown) who saw the conversation take place and told [someone] about it. This writer, Det. Palladino, and Officer Olivero went to 680 Baldwin St. and located "car to" whose real name is Manuel Gautier DOB 12/25/-- who stated that he knows the family because they and his family (wife Yasmen and three children) used to live in the same neighborhood. Manuel told us in Spanish that he did speak to Marisella earlier in week but not on Friday as he was in New York with his family a fact that Yasmen verified. Officer Olivero and I then went to Nancy Pino's residence at --- Walnut St. and learned from her that Marisella left her home at about ---hrs. 3/19/93 and walked to Nash's Pizza on Walnut St. to play video games but did not return as she was supposed to. We spoke with the owner of the pizza store and the ----- told us that Marisella and her older sister Maria were playing the video games until about 8:00PM 3/19/93 and then left and did not return. We then went to 30 Kenyon St. and spoke with Maria Pino who first denied being with Marisella and then admitted being with her but did not know her whereabouts and showed no emotion about her sister being missing. We learned from Maria that Marisella had not been attending school on a regular basis (Chase School) and has been hanging out with a girl named Crystal on Gates St. Maria took us to Crystal's house at 65 Gates St. -- ---ll ---Crystal's mailbox ..... - [to confide in] her mother that she has not seen Marisella. -----she was ....did not want to go home..not tell the Police.....".
